Needed**

**March Meeting
Notes**

Lost Treasure

We need a PRESIDENT for our CLUB Urgent!!!!!!

We are still in need of a new President for our club. We have no one as of today who has shown any interest in taking this position over. Terry cannot do it do to business commitments that take him out of the country. It really isn't that difficult of a job and anyone in the group is capable of taking over this job. Please don't let our club go without a GOOD PRESIDENT. Step up to the plate and help us out. If more than one of you would like to do it together, Part time for both of you that would be acceptable also. Please contact Terry or myself at the meeting or contact us by email or phone. Terry is willing to assist the new President as Vice President and I will most likely be willing to stay as Sec. / Treasurer and will continue with the newsletter for now.

March Meeting Notes

We had our annual gold raffle, and we discussed having a meeting about refining gold and about purchasing a kit and trying it out here at the club. Unfortunately the kit did not arrive in time for this meeting. We will be trying out the kit for our next meeting. Below you will find the names of the winners of our gold raffle. All coins will be distributed to the winners. We will be discussing our club hunts, our annual picnic and up coming events, and some fundraisers. Our picnic is June 19th at

This message came from Lost Treasure Magazine:

Dear Treasure Hunting Clubs,

I need your members' stories and photos of rings, jewelry, anything of value (even if just sentimental value) found and returned to its owner for our monthly "Civic Patrol" column. Please pass the word to your members and tell them they can send theirs to me at this address.

Thanks so much,

**Carla Banning
Managing Editor
Lost Treasure, Inc.**

We were set a fundraising offer from **Andy Sabisch of Clemson, SC. Here**

\$\$ CLUB FUNDRAISER \$\$

My name is Andy Sabisch and many of you know me from the articles I've written being a field editor for Lost Treasure Magazine for more than 20 years along with the books and web-articles I've written since getting into treasure hunting more than 45 years ago. Based on the feedback I've received over the years, I know that the information I've provided has helped you find more with the time you have to spend in the field. I've collected countless books and magazines over the years and often refer back to them looking for one tip, trick or technique that might just make the difference when hunting a site that's been heavily hunted before or poses some special challenges.

I have just finished up a new book entitled "***The Treasure Hunter's Handbook . . . Your Roadmap to Success***" and was designed to be just that - a roadmap that will help a novice get started or a seasoned treasure hunter hone their skills and become even more proficient in the field. It was written in a format that is different than past books which are dedicated to one specific type of hunting or one specific make or model of equipment. It provides a compilation of proven tips and techniques that can be applied to your specific form of hunting and in your area. There are appendices that provide contact information for equipment vendors, service providers and more. References to internet websites, forums and more are also included providing additional information on specific brands and specific types of hunting.

Also included in the book is the 2010 Equipment Buyers Guide covering more than 125 metal detectors from all major manufacturers worldwide. Are you interested in finding out what a particular model weighs, what frequency it operates at or what controls it has? Do you want to compare several models in make an informed purchasing decision? Well, the Buyers Guide has all this information in an easy-to-read format that includes photos of each detector, information about the company, finds made by users of the equipment and accessories that can help you do better with any make or model.

The book contains 256 pages and is 8.5"x11" in size jammed full of useful information that up until now has never been assembled in one location before. This will become your first place to go when you have a question or are looking for a new or different idea to try out. It will help you make informed buying decisions on all types of equipment. As way of saying "**THANKS**" for purchasing a copy of the book and help your club raise some money for the treasury to cover the cost of prizes and events, here's a fundraising offer:

With each book purchased, \$5.00 will be donated to your club's treasury!

Simply visit the website below and when you order , simply enter your club's name in the field under "Name or Inscription to Add" and as they say, the money will be in your club's treasury! <http://www.SabischBooks.com>
